ACCESSORIES ON REQUEST

ELECTRIC PRESS. REGUL.

HYDR. POWDER MIXER ASSEMBLY ON THE FILTER

TANK RINSING NOZZLE KIT

LIGHTING LED KIT

LOW VOLUME KIT

STRAIGHTENING VANES

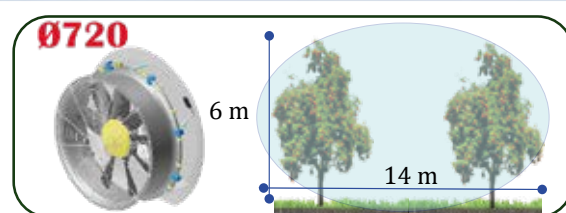

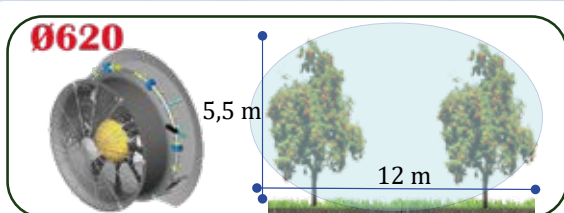

Mistblower brought to the third point, suitable for treatments on crops with small/medium planting density. Thanks to its compact size and high-performance fan, it can be used for the precise treatments on awning vineyards, orchards both in hilly and plain areas. The new ATM OSPM line boasts a tank with modern lines that incorporates in its compact shape, the system washer and washbasin tanks, an innovative solid frame and quality components. Fitted with 620- and 720-mm fan made entirely in Italy.

The 9 fan blades are made in composite material and can be adjusted in three different angles to adapt the unit to the power of the available tractor.

The fans can be fitted with a metal centrifugal clutch with ferodo and with a fixed rectifier at the air outlet that provides for a better air distribution.

Groups are fitted with multipliers at a neutral speed and point.

Mistblowers are configurable with a wide range of high-pressure pumps. Available in the 400, 500, 600 litre version

400 Lt.
